THE GUITAR PUBLICATIONS

1989 -2019

COMPLETE WORKS & EDITIONS

Welcome

With great pleasure I present you today my complete catalogue of guitar works published in the last 30 years with international publishers.

Jürg Kindle

Jürg Kindle was born in 1960 in Glarus (Switzerland). As a young guitar teacher in the early 1980s Jürg Kindle began to compose pieces for his students. At that time there was few suitable teaching materials for guitar to meet the needs of what soon became a comprehensive network of music schools. After 35 years as a guitar teacher, musician, and composer, Jürg Kindle can look back on a rich repertoire of works for the guitar and the mandolin, with over 100 works printed by international publishers. These include about 200 solo pieces, 40 quartets, 12 trios and several guitar duos, works for guitar ensemble, chamber music with guitar, two concerts for mandolin orchestra, as well as a teaching book for the guitar and a theory textbook. Jürg Kindle's works today appear around the world as obligatory pieces at guitar competitions and on concert programmes. His pedagogical textbooks have become standards in guitar teaching. Jürg Kindle is a lecturer at the Pedagogical College of the canton St. Gallen (Switzerland). Since 2016 Jürg Kindle publishes his works exclusively in his own „Edition Kalimba“
